## **PIECING INSTRUCTIONS - SINGLE BLOCK SIX**

Begin by piecing the four patch units. Piece a snow square to a royal square, press towards purple. Make ten.

Pair those together to make a total of 5 four patch units.

Next lay out a snow triangle with wide bottom edge towards you. Place a C Gold triangle on the left side of triangle. Ensure the top tips of the two pieces are lined up, there will be excess gold at bottom left edge, leave that hanging off. Stitch and press towards gold fabric. Make four of these units.

Using the same type of alignment, piece a D Gold triangle on the right hand side of the snow triangle. Stitch and press towards gold fabric.

Now lay out your four patches and triangle units as shown in block diagram. Watch the placement of four patches to ensure you get the chain effect of the block. Stitch together in rows then join the three rows of the block together.

Your block is complete!
